

Cues  
Intro

Notes

As 21st century Christians, it's easy to be ignorant of or forget the kind of religious culture that the original readers of Hebrews lived in and were familiar with, both for their time and their history.

Our culture - generally passive.

Their culture - generally active.

In both/all cases, the heart and motivation is what's important, not just the action.

The purpose of the work being complete by Jesus is to free us from the power and consequences of sin, and free us to relationship and service with/ for Him, one another.
